OBJECTIVE

A motivated and self-taught React.js developer with a passion for building dynamic web applications. Seeking an opportunity to apply my skills and knowledge gained through self-done projects, and contribute to a collaborative team environment.

SKILLS

- React.js
- JavaScript
- Typescript
- Tailwindcss
- Git/GitHub
- Responsive Design
- Problem Solving
- Debugging
- Web Accessibility

EXTRA SKILLS

- NextJs
- Redux Toolkit
- RESTful API Integration
- Bootstrap (40% Proficiency)
- Sass/Scss
- Figma (UI/UX design tool)

CERTIFICATION

- Front End Development Libraries
- JavaScript Algorithms and Data Structures

HONORS-AWARDS

Outstanding Contribution to Codinasion

PROJECTS

Codinasion

As a contributor to the innovative coding platform, Codinasion, I played a pivotal role in its website development. My involvement led to the enhancement of technical skills, effective collaboration, and the delivery of high-quality results within tight deadlines. I gained valuable insights and thrived in a dynamic coding environment.

Project Url • <https://codinasion.ome9a.com>

Technology • Next.js, Tailwind CSS, Redux Toolkit (RTK), Framer Motion, etc.

sizeReducer

sizeReducer is an open-source web-based image compression tool designed to simplify image optimization. It supports the compression of JPG, JPEG, and PNG images while offering customizable dimensions. You're welcome to contribute to this project and help us make it even better!

Project Url • <https://sizeReducer.ome9a.com>

Technology • React js, Sass,.

Mde (Markdown Editor)

Simplify your Markdown editing experience with FCC Mde. Effortlessly create, preview, and customize your content in real time. Say goodbye to complex formatting and hello to intuitive editing. Utilizing Next.js and Tailwind CSS, this project enhances your Markdown workflow.

Project Url • <https://mde.ome9a.com>

Technology • Next.Js, TailwindCss.

EDUCATION

Bachelor of Computer Applications (BCA)

Kisan Collage, Sohsarai Bihar Sharif. (2022 - Present)

ACHIEVEMENT

- Collaborated effectively on open-source projects, continuously enhancing skills.
- Engaged in personal coding projects to explore new technologies and gain practical experience.
- Actively pursued online resources to stay updated on React.js and related technologies.
